# GP Travel Hub

GP Travel Hub is a unified APIs Aggregator for integrating with various systems of consolidators, GDSs and travel product providers. Its solid interface helps you interact with multiple travel APIs in real time, directly receive current offers and prices, manage, keep and synchronize the data.

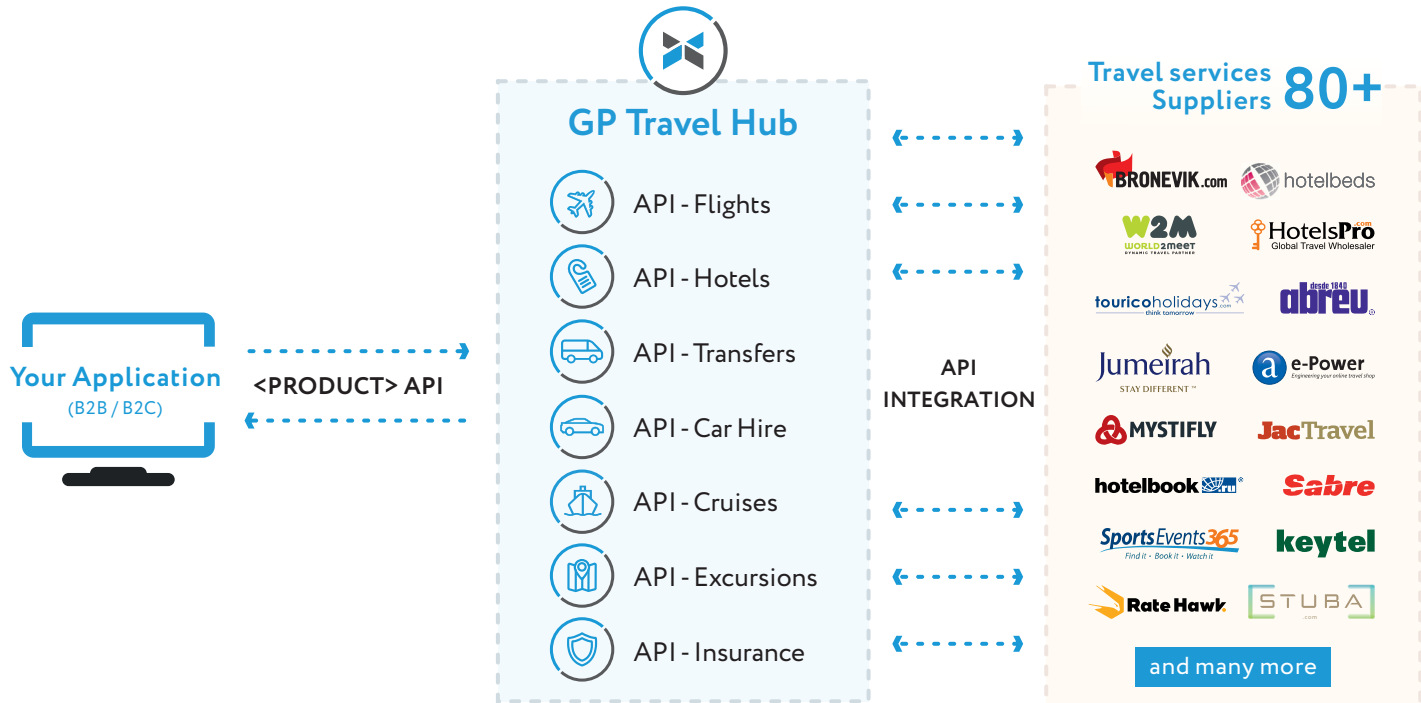

## GP Travel Hub supports integration with:

- ✓ Global Distribution Systems (GDSs)
- ✓ Hotel Consolidators
- ✓ Channel Managers
- ✓ Local Tour Operators
- ✓ Transfers and Excursions Providers
- ✓ Car Rental Companies and Consolidators
- ✓ Railway Service Providers
- ✓ Cruises

---

GP Travel Hub is a purely technical back-end solution. In order to activate any connector the client must first conclude a commercial agreement with each selected supplier.

# Structure of GP Travel Hub

## Travel APIs Aggregation

We've gathered and put under one roof **80+ travel suppliers** from across the globe. GDSs, flight consolidators, bedbanks, transfers, wholesalers, car rental, sightseeing aggregators and etc. - all of them within one solution. And we're adding dozens of new connections every year!

**80+**  
Travel services  
Suppliers

and many more

## Variety of Travel Content

GP Travel Hub supports a multitude of travel products:

Flights

Hotels

Transfers

Railway

Insurance

Car Hire

Excursions

Cruises

---

If you're looking for a one-stop-shop for your travel inventory, you've knocked on the right door!

## Multiple Business Models

**GP Travel Hub** creates value for different businesses across the travel domain:

OTAs, Tour Operators and TMCs will benefit by streamlining and unifying their access to third-party suppliers.

DMCs will effectively expand their own contracted in-house inventory.

Technology Providers may easily enhance the functionality of their proprietary travel software via integrating GP Travel Hub as a complimentary supplier connectivity module.

Airlines/Cruise companies will be able to implement the upsell and cross-sell of auxiliary products and services (accommodation, transfers, etc).

Meta-Search portals may accelerate the process of adding new sites to their connectivity pool.

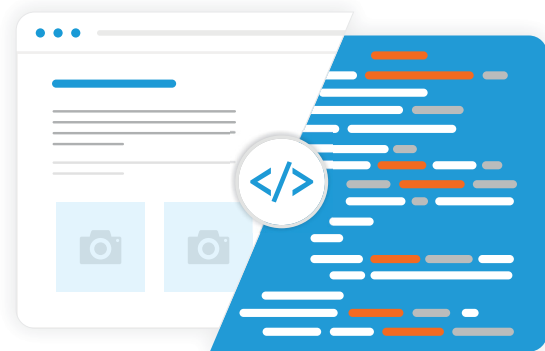

Travel StartUps will go LIVE faster and with reliable travel technology partner nearby.

## Made for Professionals by Professionals

Travel ecosystem is complex. Thousands of travel service providers implement a variety of business models, target different geographic regions, address the needs of different social groups, specialize in specific products and services and rely on a multitude of travel software systems. GP Travel Hub provides you with a **professional tool to accommodate all this diversity**:

- ✔ Freedom to implement any request to fit your business model
- ✔ Possibility to implement flexible search requests
- ✔ Support diversity of tariffs and rates
- ✔ Multilingual and multi-currency support
- ✔ Management of suppliers response time out
- ✔ And lots of other valuable features...

## Focus on Core Business

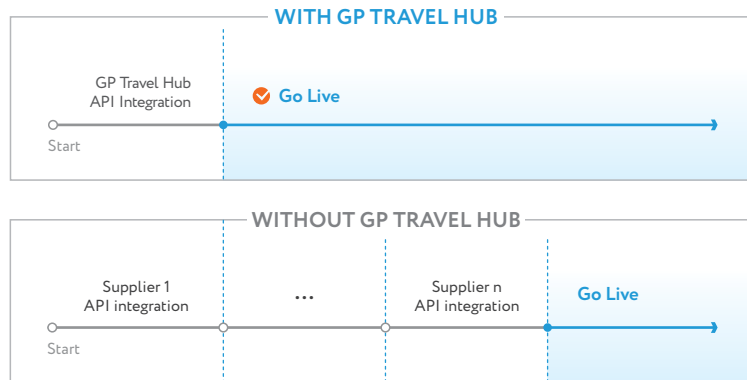

GP Travel Hub and our industry integration professionals allow you to focus on your core business activities and **customer-facing functionality** and not to distract your resources to managing supplier connectivity side.

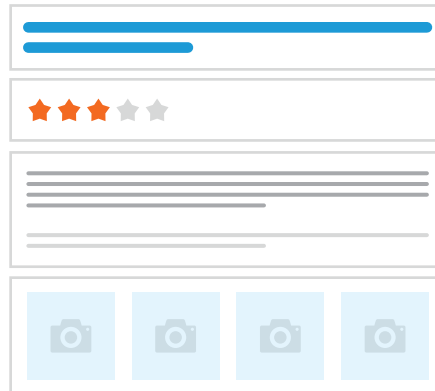

## Fast Time-to-Market

Time-to-market is crucial to win the competition. Via a unified API you'll get [access to all the suppliers of your choice](#). Instead of establishing multiple integrations you implement just one with our GP Travel Hub. And you're done to go Live, saving months, if not years, of time and a huge portion of efforts.

## Data Uniformity

Based on Open Travel Alliance standard GP Travel Hub transforms and converts a variety of static and descriptive data received from multiple sources into a **uniform format** (including geo-locations, hotel categories, services, etc.) making sure there is clarity and no chaos in your reservation system.

## Transparency and Control

You're in full control over your GP Travel Hub installation. It can be hosted directly on your servers with access to detailed log data to allow [conflicts resolution management and support](#).

## Scalability and Reliability

GP Travel Hub will **support your growth and scale as your transaction volumes increase**. Our clustering solution ensures your business doesn't experience any performance issues.

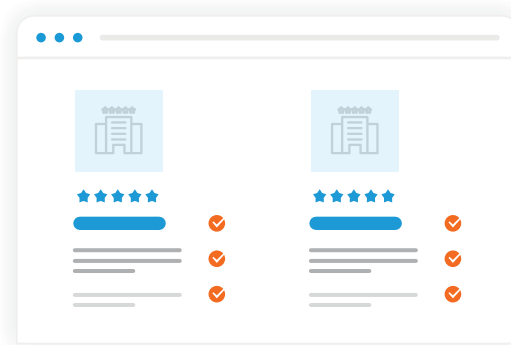

## Customization and Adaptability

GP Travel Hub was designed to **meet requirements** of the most demanding clients and **accommodate the specifics** of each travel business. This is achievable via the possibility to customize the solution in almost any piece of its functionality and adapt it to your unique business needs.

## Hotel Mapping

Hotel data received from different suppliers needs to be **properly grouped and mapped** to show you complete and accurate information on a particular property and avoid presenting the same property several times within the same search results.

GP Travel Hub provides a number of options and mapping solutions to give you the freedom of choice depending on business requirements.

## Guaranteed Technical Support

Upon delivery of GP Travel Hub a customer is provided with guaranteed support ensuring correct and secure performance of the integrated modules.

All the changes made by suppliers to their interaction formats or static data are fixed by GP Solutions Team in a timely fashion to [ensure stability of your business](#).
