Approach

GP Solutions
Dedicated Team Advantages

Extensive Travel Domain Expertise

✓ Easy to understand requirements

✓ Knowledge to make technical decisions

✓ History of success in travel projects

Free Setup & Operations Management

✓ Staffing and workplace integration

✓ Infrastructure and process setup

✓ Administration and HR management

GP Solutions

Remote Team

Cost-Effective & Flexible Resourcing

✓ Find specific talents at lower cost

✓ Easy to add or replace specialists

✓ No extras or payments for idle time
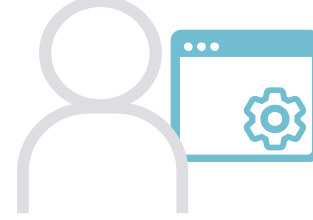

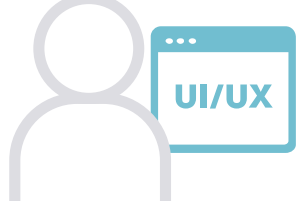

## Team Becomes Your Staff

✓ Adoption of your internal processes

✓ 100% dedicated to your project

✓ Daily communication and transparency

GP Solutions

Assemble Your Team

GP Solutions is able to cover practically any of commonly recognized IT **specializations** within a software development team.

Front-End Developer	UI/UX Specialist	Back-End Developer
Project Manager	Mobile Developer	Business Analyst
Database Engineer	QA Engineer	System Administrator
DevOps Engineer	Support Specialist	System Architect

GP Solutions

Our Allocation Process

Once the Customer decides to on-board IT specialist from GP Solutions, we launch our allocation procedure typically going though a set of standard phases.

Requirements Analysis → **Provision of CVs** → **Interview** → **Agreement** → **Onboarding**
Our IT specialists can be allocated on your project as a team or individually with full- or part-time engagement

If the right specialist is not on our staff yet, we can engage our HR department to find the one you need.

Our Travel Expertise

GP Solutions
