

# UNIFIED TRAVEL API AGGREGATOR

GP Travel Hub

[www.software.travel](http://www.software.travel)

# OVERVIEW

GP Travel Hub is a unified APIs Aggregator for integrating with various systems of consolidators, GDSs and travel product providers. Its solid interface helps you interact with multiple travel APIs in real time, directly receive current offers and prices, manage, keep and synchronize the data.

**GP Travel Hub is a purely technical back-end solution.** In order to activate any connector the client must first conclude a commercial agreement with each selected supplier.

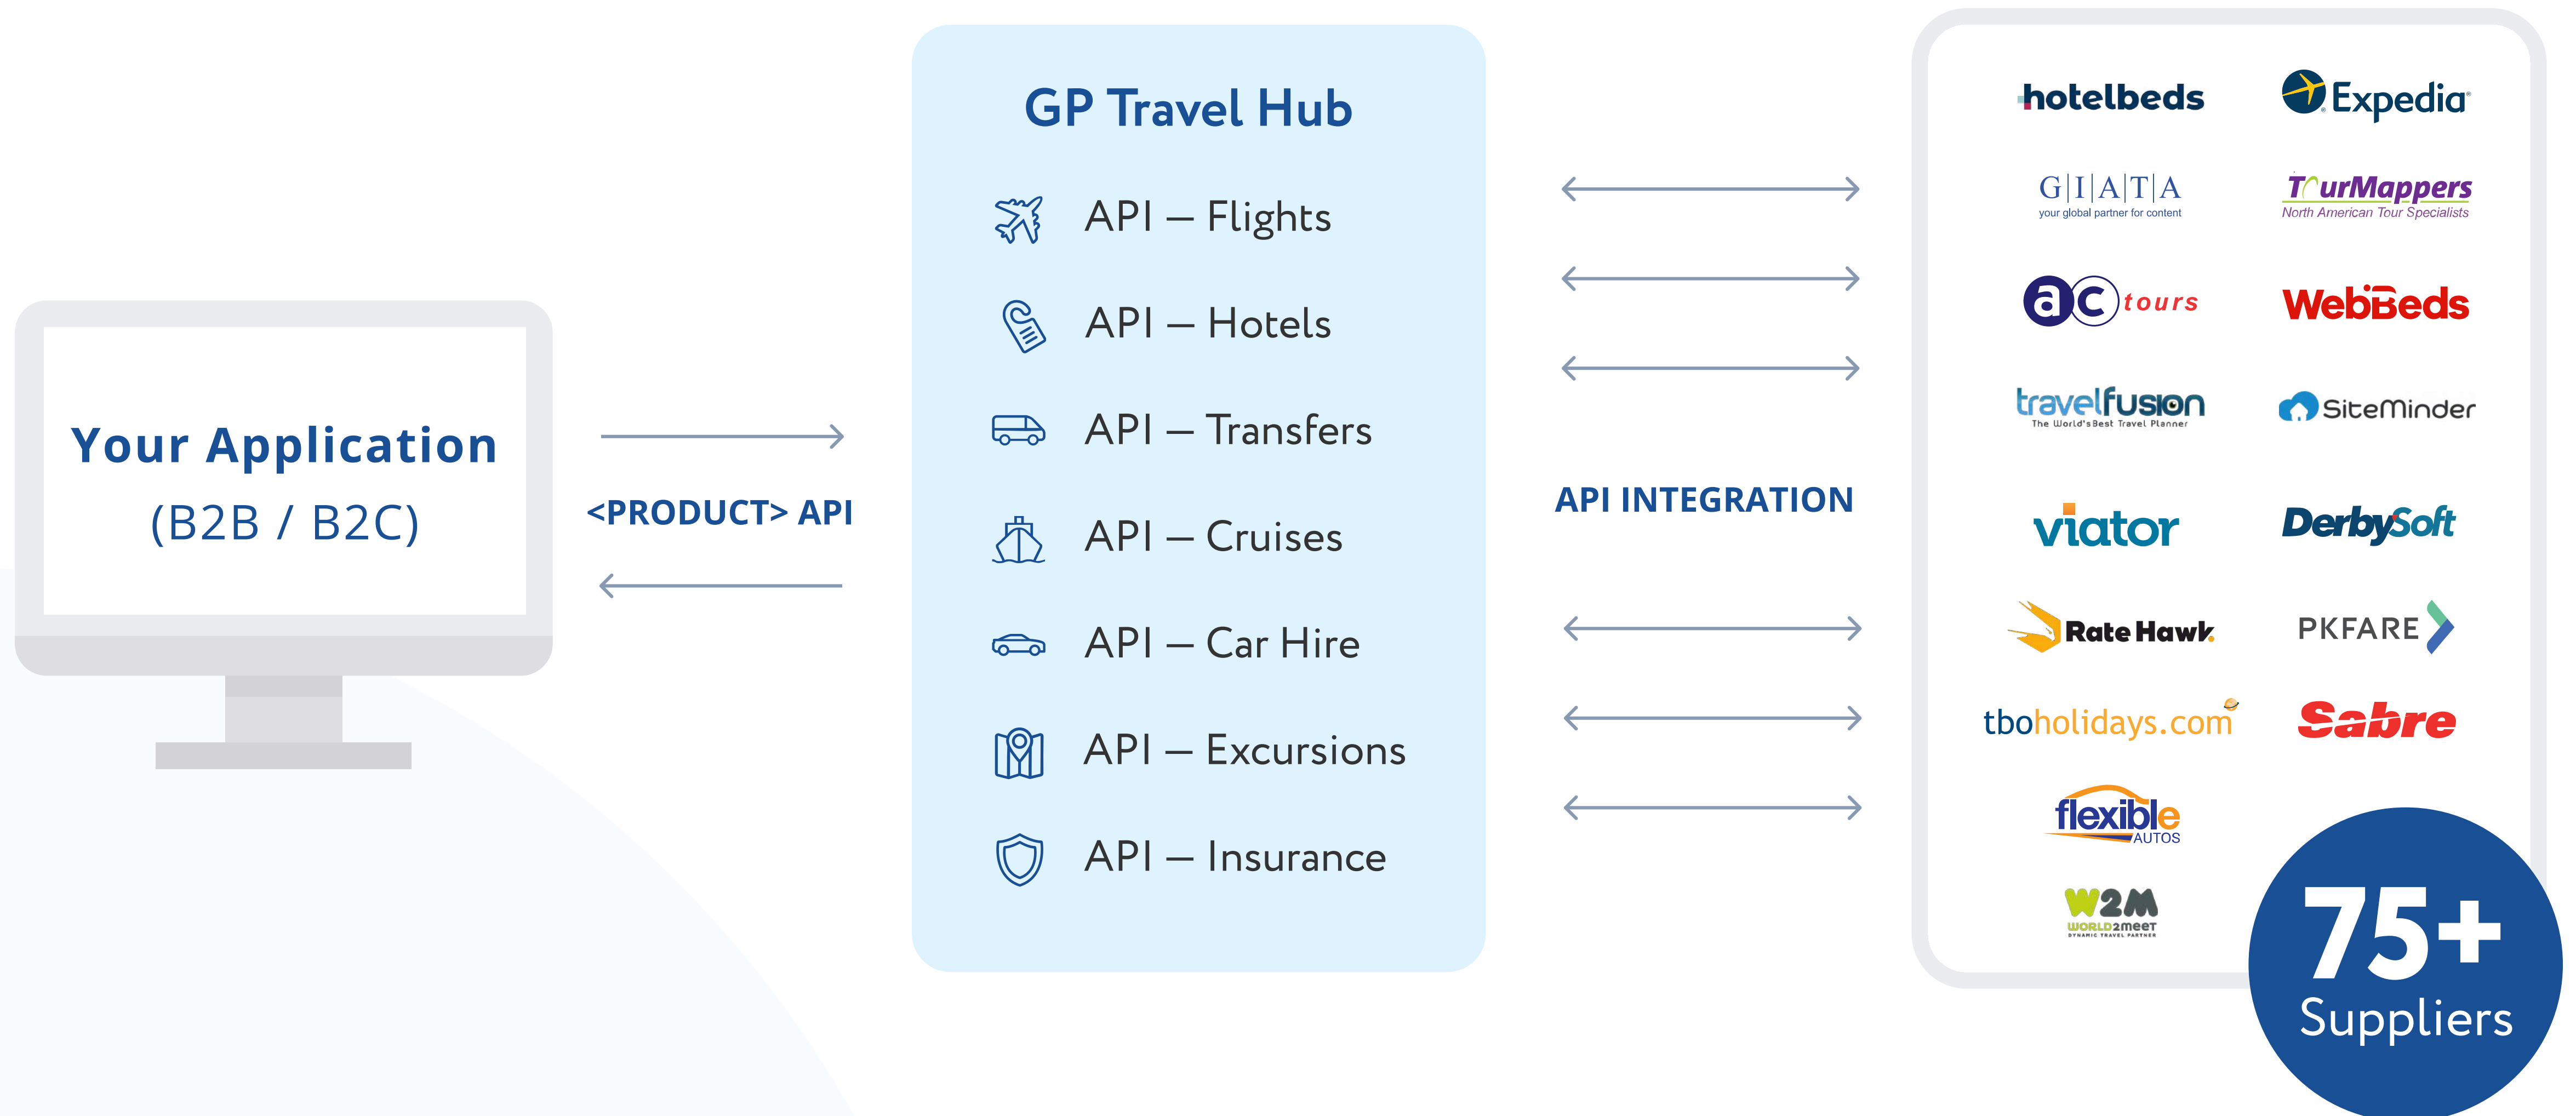

## GP Travel Hub supports integration with:

- ✓ Global Distribution Systems (GDSs)
- ✓ Hotel Consolidators
- ✓ Channel Managers
- ✓ Local Tour Operators
- ✓ Transfer Providers
- ✓ Car Rental Companies and Consolidators
- ✓ Railway Service Providers
- ✓ Activities & Excursions Providers

# GP Travel Hub

GP Travel Hub is a unified API aggregator of diverse travel product suppliers.

# GP Travel Hub

We've aggregated 75+ travel suppliers from across the globe. GDSs, flight consolidators, bedbanks, wholesalers, aggregators of key travel products — all of them within one solution. And we're adding dozens of new connections every year!

## Hotels

## Flights

## Activities

## Car Rental

## Transfers

## Channel Managers

## Other

and many more

# Diversity of Travel Content

If you're looking  
for a one-stop-  
shop for your  
travel inventory,  
you've knocked  
on the right door!

GP Travel Hub supports a  
multitude of travel products:

Flights

Hotels

Transfers

Railway

Insurance

Car Rentals

Activities

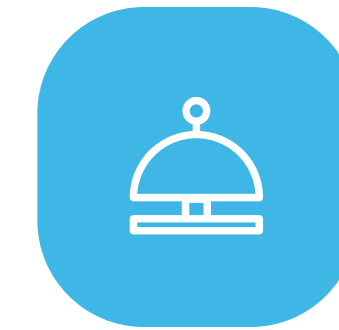

Cruises

# Multiple Business Models

GP Travel Hub creates value for different businesses across the travel domain:

OTAs, Tour Operators and TMCs will benefit by **streamlining and unifying their access** to third-party suppliers.

DMCs will effectively **expand their own contracted inventory**.

Technology Providers may **easily enhance the functionality** of their proprietary travel software by integrating GP Travel Hub as a complimentary supplier connectivity module.

Airlines/Cruise companies will be able **to introduce upselling and cross-selling** of ancillary products and services (accommodation, transfers, etc).

Meta-Search portals may accelerate the process of **adding new inventory sources** to their connectivity pool.

Travel StartUps **will go LIVE faster** and with a reliable travel technology partner nearby.

# Hub Key Features

Pure **back-end API-driven solution** (no user interface)

**5 Structured and documented APIs** per each product type

**75+** ready-made **integrations**

**99,9%** uptime rate

**Highly customizable and adaptable** to different business models:

- ✓ Flexible setup of suppliers' response time out
- ✓ Supports different approaches to hotel deduplication (mapping)
- ✓ Possibility to implement flexible search requests
- ✓ Supports diversity of tariffs and rates
- ✓ Multilingual and multicurrency support

# BENEFITS

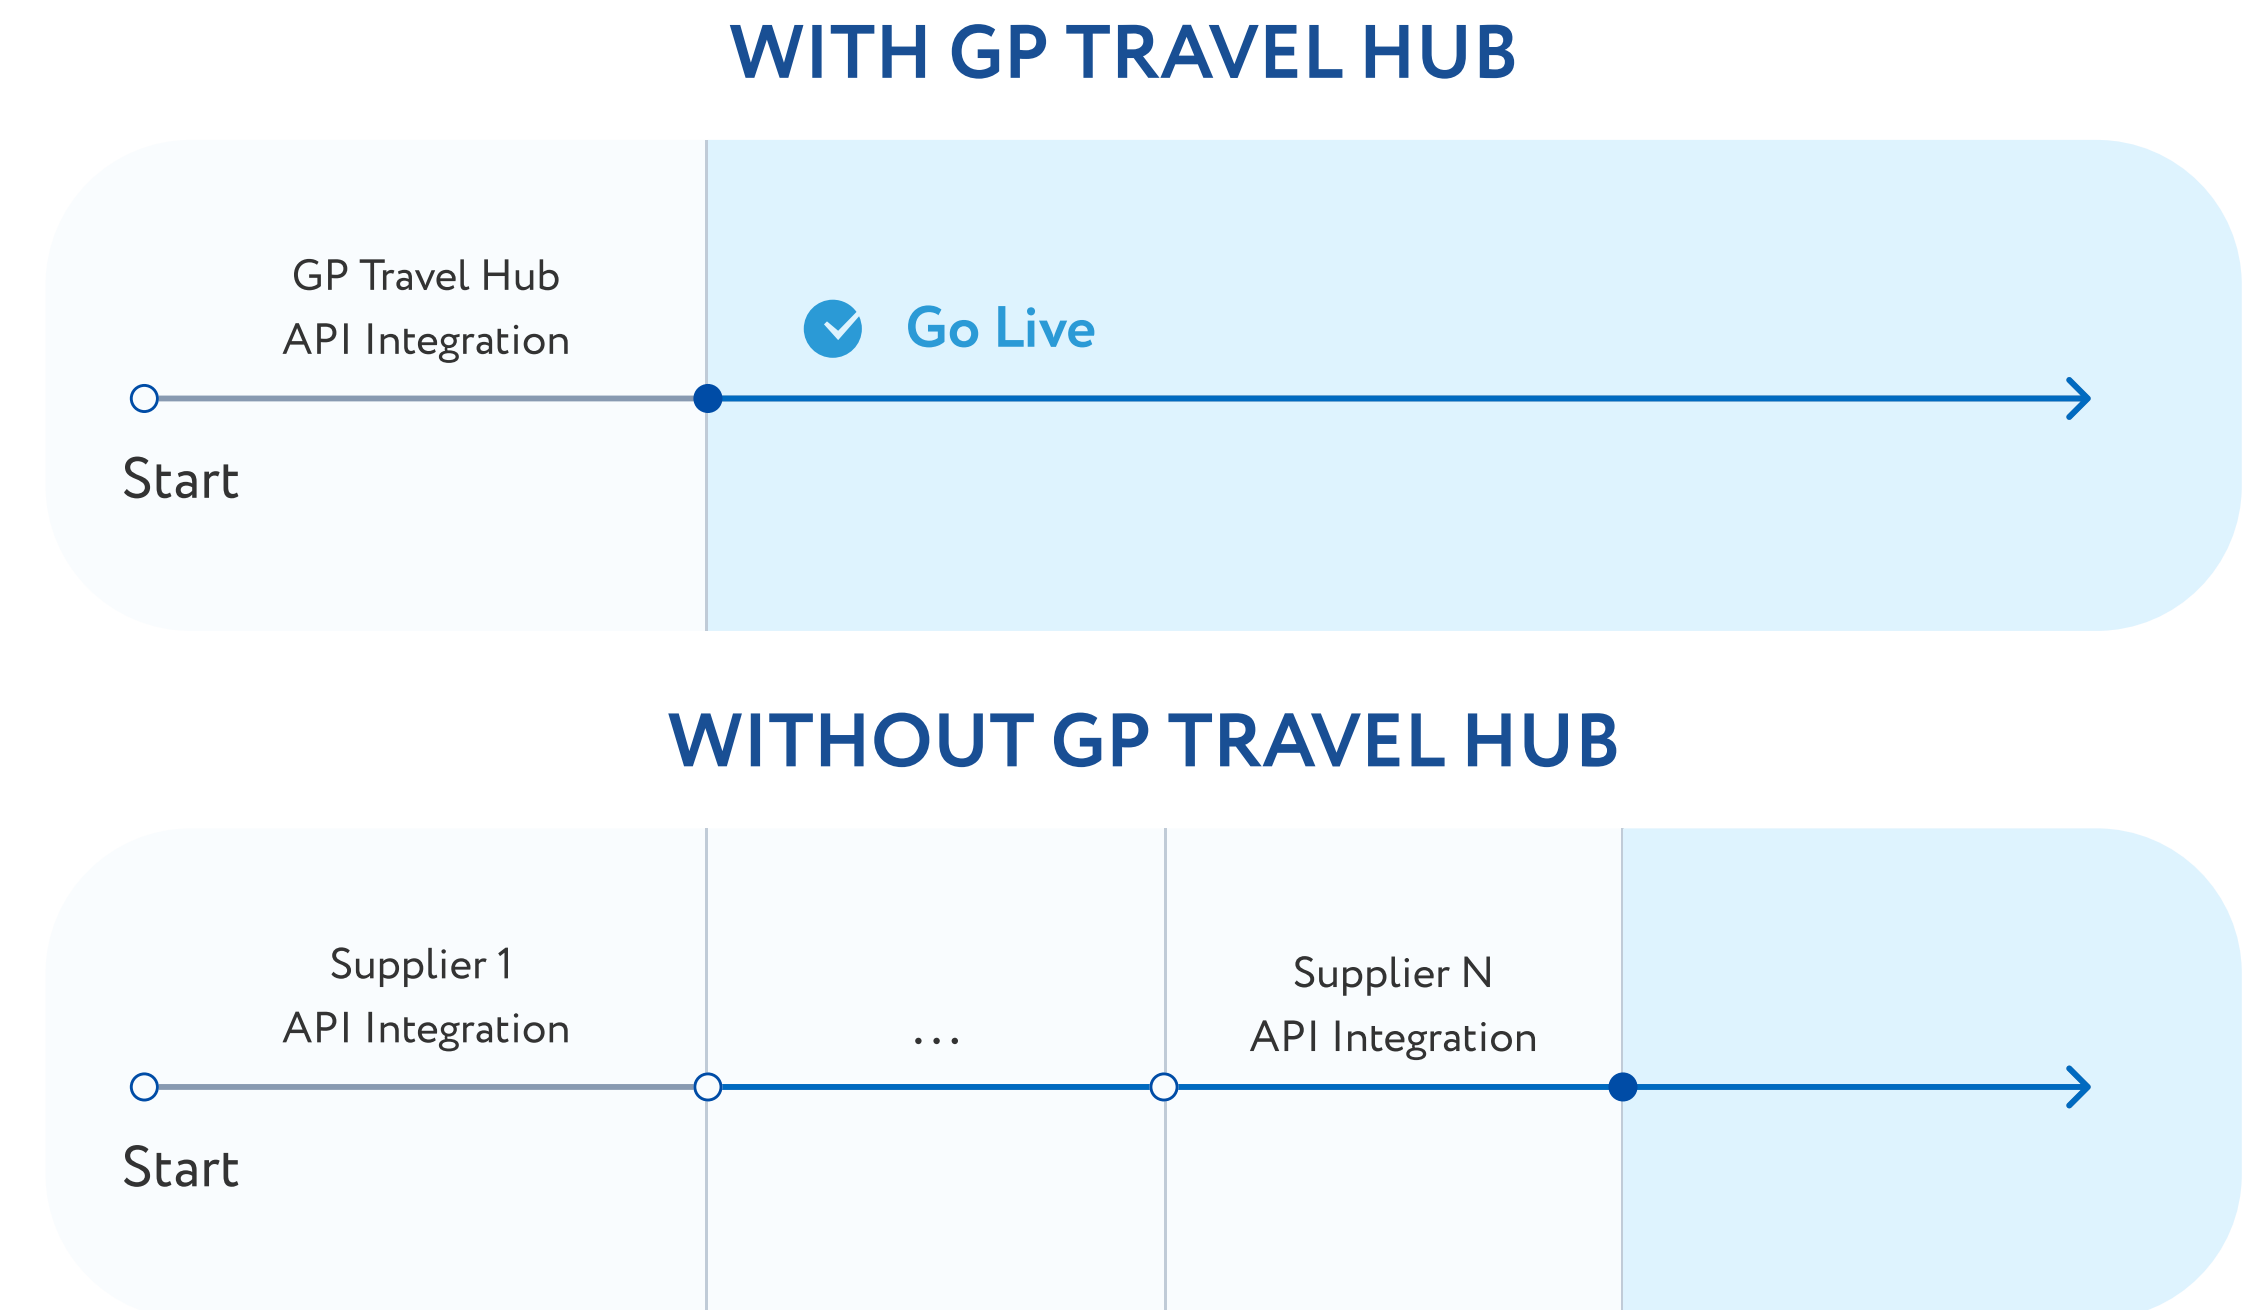

# Focus on Core Business

GP Travel Hub and our industry integration professionals allow you to focus on your core business activities and **customer-facing functionality** - your resources won't be distracted by management of supplier connections.

# Fast Time to Market

Time to market is crucial to beat the competition. Via a unified API you'll get **access to all the suppliers of your choice**. Instead of establishing multiple integrations, you implement just one with our GP Travel Hub. And you're ready to go Live, saving months, if not years, of time and huge portion of efforts.

# Data Uniformity

Based on Open Travel Alliance standard GP Travel Hub transforms and converts a variety of static and descriptive data received from multiple sources into a **uniform format** (including geo-locations, hotel categories, services, etc.) making sure there is clarity and no chaos in your reservation system.

# Transparency and Control

You're in full control over your GP Travel Hub installation. It can be hosted directly on your servers with access to detailed log data to allow [conflicts resolution management and support](#).

# Scalability and Reliability

GP Travel Hub will support your growth and scale as your transaction volumes increase. Our clustering solution ensures your business doesn't experience any performance issues.

# Customization and Adaptability

GP Travel Hub was designed to **meet requirements** of the most demanding clients and **accommodate the specifics** of each travel business. This is achievable via the possibility to customize the solution in almost any piece of its functionality and adapt it to your unique business needs.

# Hotel Mapping

Hotel data received from different suppliers needs to be **properly grouped and mapped** to show you complete and accurate information on a particular property and avoid presenting the same property several times within the same search results.

- ❗ GP Travel Hub provides a number of options and mapping solutions to give you the freedom of choice depending on business requirements.

# Guaranteed Technical Support

Upon delivery of GP Travel Hub a customer is provided with guaranteed support ensuring correct and secure performance of the integrated modules.

All the changes made by suppliers to their interaction formats or static data are fixed by GP Solutions Team in a timely fashion to ensure stability of your business.

# Figures & Highlights
