B2B Key Features

Unified Booking Platform

Provide your partners with a single access point to search and book offers from both 3rd-party suppliers via API and your own inventory

Sales Automation

Use our powerful booking engine to fully automate your multi-channel sales, from search to booking processing and payment

Partner Log-ins

Create branded partner accounts with direct access and private accounts for a complete online booking experience

Responsive Interfaces

Improve productivity and increase user satisfaction with convenient cross-browser and mobile layouts

24/7 Availability

Remove barriers to unlimited booking opportunities so that your partners can search and book online anytime

Analytics

Gain extra visibility into your partner performance with detailed sales reports to keep tabs on your network efficiency

Multi-level Distribution

Build your multi-level networks of partners and sub-agents to expand your sales capabilities

Multi-lingual/Multi-currency support

Transact your business to international markets to serve and grow the customers exponentially with our platform

B2C Module

Sell travel products both online and offline directly to your end customers

The image displays three overlapping screenshots of the GP Travel Enterprise B2C Module interface. The top-right screenshot shows the main website header with the GP Travel Enterprise logo, a 'LOG IN' button, and currency/language selectors (USD, ENG). Below the header is a large hero image of a tropical beach with palm trees. A navigation bar contains links for HOTELS, TRANSFERS, ACTIVITIES, FLIGHTS, FLIGHT+HOTEL, and PACKAGES. A search bar is present with fields for 'Destination', dates (15 Mar 2022 - 21 Mar 2022), and guest information (1 room 2 guests). Below the search bar is a 'SEARCH' button and a 'Popular Destinations' section. The bottom-right screenshot shows a mobile app version of the flight search interface, displaying a flight from BER to ORY on 16 Mar 2022 via AIRFRANCE, with a price of \$154.66 and a 'BOOK' button. The bottom-left screenshot shows a hotel search results page for Dubai, United Arab Emirates, listing hotels like Avani Deira Dubai Hotel, Movenpick Hotel Apartments Al Mamzar Dubai, Crowne Plaza Deira, and Park Regis Kris Kin Hotel Dubai, with filters for star rating and price.

B2C Key Features

Unique design and brilliant look & feel always play a crucial role in B2C sales. That is why it is so important to have a **fresh and unique website** to stand out from your competitors

Easy Customization

Built on a template, your B2C portal can be customized anytime without coding. To do it, your admins can easily change logos, colors, and more right from their dashboard.

Built-in CMS

From basic to advanced, all your content management needs are covered in the embedded CMS that requires no extra efforts or tech skills to handle it.

Mobile-Friendly UI

Our B2C websites offer responsive, mobile-friendly interfaces out of the box. Now you can reach mobile audiences and help them book across any devices.

Scalability

Diversify and build multiple booking websites for different audiences with targeted content and design — all on top of a single platform.

Multiple Languages & Currencies

Our solution will help you serve international audiences. For this, add as many languages and currencies as required to let your users switch between them easily.

Enterprise Management Module

Back-office for configuration and full control over your travel business

CLIENTS & TESTIMONIALS

Client Testimonials

"I can highly recommend the services of GP Solutions. During the past 1.5 years, our company has been working with GP Solutions on a new project of ours. The company offers high quality services. We can say that we have always been satisfied by their work."

Dennis Behnsen

Vice President

"We found GP team to be professional, dependable and responsive. We are pleased to recommend GP Solutions GmbH as a reliable travel technology partner."

Claus Jessen

Managing Director

"The team here at ACV is very happy with the quick release cycles and GP's willingness to support us with any test and fix system issues. I see what the team does and it is highly appreciated."

Sven Schiller

IT Director

Client Testimonials

"GP Solutions provide high-quality services and we have always felt that they care about our needs. Their strong expertise in travel IT makes it much easier to convey our requirements and find optimal technical solutions. We highly recommend the services of GP Solutions."

Marc Blaser

Director Projects
& E-Business

"Over the years of partnership GP Solutions has proven to be a reliable IT vendor with great vision and understanding of the travel industry in general and our business requirements in particular."

Abdulrahman Aziz

Project Manager

"We appreciate how promptly GP's specialist were able to respond to us and if needed to tailor the product's details to our preferences. Another important practical aspect is that GP's specialists always had a clear understanding of what are our business needs are."
